

Pratiksha Patil.

Frontend Developer React

9730516677 | pratiksha14.6.99@gmail.com | <http://www.linkedin.com/in/pratiksha-patil-718b2a159>
Pune, Maharashtra

Summary

A highly skilled **Software Developer** with over 3 years of experience in designing, developing, and deploying enterprise-level applications. Successfully contributed to projects for global clients like **Microsoft** and **H&M**, delivering innovative solutions that streamline processes and enhance user experience. Proficient in **React.js**, **JavaScript**, **C#**, and **Typescript**, with expertise in creating responsive UIs and scalable backend systems. Adept at leveraging **Azure Logic Apps**, **SQL**, and **RESTful APIs** to optimize workflows. Demonstrated excellence in **Agile methodologies**, cross-functional collaboration, and end-to-end **project execution**, recognized with an On-the-Spot Award for outstanding contributions.

Experience

Tata Consultancy Services

WEB DEVELOPER | MICROSOFT PROJECT | JANUARY 2022 – AUGUST 2024

- Led the end-to-end development of a comprehensive recruitment tool for Microsoft, effectively integrating and streamlining three separate systems into a unified platform using **React.js**, **Typescript**, **HTML**, and **CSS**.
- Significantly enhanced the user experience by building a **responsive** and **interactive** UIs, optimizing candidate-recruiter interactions, and delivering a seamless end-to-end recruitment process.
- Collaborated closely with the UX team to **transform wireframes** into **dynamic web pages**, seamlessly integrating features and ensuring a smooth user journey.
- Developed **reusable, modular components** that **increased scalability**, accelerated development time, and improved code maintainability, ultimately boosting project efficiency.
- Designed a partner communication system and integrated **Axios** for efficient API calls, **Redux** for state management along with **react hooks**.
- Led **code reviews**, focusing on optimizing **code quality**, **fixing bugs**, and ensuring adherence to best practices, resulting in a more reliable and maintainable codebase.

WEB DEVELOPER | H&M | JUNE 2021 – DECEMBER 2021

- Designed and optimized a robust order processing system for H&M, dramatically improving operational efficiency and enhancing system performance using **React** and **C#**.
- Developed **RESTful APIs** to seamlessly integrate data retrieval and insertion between the frontend and SQL databases, improving system responsiveness and scalability.
- Automated data migration workflows with **Azure Logic Apps**, eliminating manual data entry, and significantly reducing errors through integration with Excel sheets and SQL databases.
- Collaborated actively in an **Agile environment**, participating in sprint planning, leading daily stand-ups, and ensuring timely, high-quality delivery of software solutions.

Skills & Abilities

KEY SKILLS

- **Frontend Development:** React.js, JavaScript,HTML, CSS, Typescript, Coherence Design System,
- **Backend Development:** C#, RESTful APIs
- **Cloud Technologies:** Azure Logic Apps, Azure App Insights
- **Database Management:** SQL
- **Tools & Version Control:** Git, Azure DevOps
- **Development Methodologies:** Agile, ADO Tool, JIRA
- **Testing & Optimization:** Unit Testing, Data Validation, Error Handling, SonarQube
- **UI/UX Collaboration:** Figma, Wire framing

SOFT SKILLS

- Collaboration, Problem-Solving, Communication, Adaptability, Time Management, Leadership, Attention to Detail, Client-Focused

Education

B. TECH IN INFORMATION TECHNOLOGY

KIT's college of Engineering, Kolhapur

2017 - 2021

CGPA: 8.80/10

Achievements

ON-THE-SPOT AWARD

Recognized by TCS for exceptional contributions to the Microsoft recruitment tool project, highlighting leadership, innovation, and project success.

Certifications

- **Azure Fundamentals (AZ-900)**
- **Azure Developer Associate (AZ-204)**
